Breaking Barriers and Embracing Opportunities: for our Global Majority Heritage Colleagues: a Greater Bristol and Bath branch hybrid event

28 January, 5:00pm-7:00pm. Join us in Seminar Room 5, Learning and Resource Centre, Southmead Hospital, or on MS Teams.

Hosted by our joint Greater Bristol and Bath branches' EDI Committee, in this webinar you will hear from NBT staff psychologist Sabina Janally how to deal with trauma and about resources available to help you successfully embrace opportunities.

The Greater Bristol and Bath branches have a joint Equity, Diversity and Inclusivity Committee. We aim to champion EDI by valuing each other, treating one another with respect, and making everyone feel that they belong.

Our vision is to promote global inclusiveness for all members.

This event will provide a safe space for us to collectively discuss racism and unite to explore ways to tackle it.
