

RCN South West Region
Global Majority Nursing Network
Wednesday 26 February, 5-6pm
Online via MS Teams

Come to the second-ever meeting of our South West regional network for nurses and nursing support workers from the global majority, whether you were educated internationally or just have roots or links to global majority countries.

We are looking forward to a presentation from Kam Mak of the RCN's Immigration Advice Service, with a chance to ask questions at the end. We will also enjoy a second presentation on wellbeing or careers. Book your place now.
