# RCN NHS PAY STRIKE BALLOT

RCN members across England rejected the latest pay offer from the UK government, relating to 2022-23 and 2023-24 pay years. Despite this, the offer is being implemented. But Nursing demands more. For as long as the government remains silent, we will continue to be the voice for our profession, patients, and the NHS.

This is a postal ballot. Your ballot paper will be sent to the home address on your myRCN record.

Return your ballot before **23 June 2023**.

It must be **received** by **23 June 2023** to be counted.

## RCN Council recommends voting 'YES' to strike action
